

At-Home Project

Beautiful Foil Hamsa

Supplies:

- Piece of paper
- Cardboard from a cereal box or cardboard envelope
- Scissors
- Pencil or pen
- Foil
- Paintbrush
- Paint- White, dark blue, light blue, black

Instructions:

- Fold your piece of paper in half long ways and draw half a hamsa or hand shape and cut it out
- Use the cut out hand as a pattern and trace it onto the cardboard.
- Cut out the cardboard shape
- Tear off a piece of foil slightly bigger than the cardboard hamsa/ hand shape and fold the foil to fit around the cardboard. Foil should be shiny side out.
- Now take your pencil or pen (if it's a pen it should not have the pen tip out, but instead clicked in) and decorate the foil by drawing on it, creating an indented design.
- Paint an eye shape in white on the palm of the hamsa/ hand.
- Outline it in dark blue paint, paint a circle in light blue for the iris.
- Use the black paint to make a dot in the center of the light blue for the pupil.

You're finished, enjoy your beautiful work of art!
